

**Best Practices**

A. community life

1. Our Institution gives priority to Hostel and community life aiming to address inculcating value system among the students. In this connection perusing their degree program have to stay on the campus for 24 hours. Institution has created series of program for developing better attitude and character among student community.
2. We have incorporated programs like national festivals, emphasis on the productive physical labor work, various social connectivity via extension program, celebration of cultural festivals to develop good responsible citizenship among the students etc.

B. Co-related education

1. As to make teaching learning process more effective and productive institution always give thrust on correlation of the various subjects and its' content with surrounding society.
2. For to address this task institution is organizing various co curricular programs likes village camps, work experience program, field work etc. regularly.
3. Different departments on the campus viz. Cattle breeding farm, Nursery, Research department etc. are becoming platform for practical learning and correlation.
